# MONOCHROM

HPL through-colour core

- MONOCHROM is a unique range offering quality and finesse, envisioned for high-end furniture and interior fitting projects in Retail, Hotels, Restaurants or Exhibition venues.
- The new finishes offer surface textures which allow numerous design opportunities, focusing on intense black or the pure white.

## ALLIAGE

A brushed metal effect, with contemporary rough lines.

## EPIMAT

A sanded wood effect, inspired from the pine bark.

## ROCHE

A mineral relief, with authentic stone and slate effects.

## BRIHG

A highly polished effect, with excellent reflective properties.

## FA

A refined satin eggshell effect, that is soft to the touch.

pure . design : premium

FA

- With MONOCHROM, the edge becomes an important characteristic of the design.
- It eliminates the appearance of a brown line thus creating a uniformed and streamlined finish in either black or white.
- Ultimate sophistication for both horizontal applications (furniture, worktops...) and vertical applications (wall panels, doors...).

	BLACK	WHITE
