

MEGANITE[®]

Acrylic Solid Surface

HEALTHCARE

Healthcare environments require high functioning materials that are resilient and meet strict regulations and high industry standards. While functionality and performance are top priorities, healthcare organizations do not want to sacrifice good design and aesthetics.

MEGANITE meets the challenges of today's health facilities by offering a sanitary, durable, renewable and affordable product solution that stands the test of time.

MEGANITE. A Solid Partner.

Why MEGANITE® for your healthcare facility?

There are many reasons to choose Meganite beyond our high quality and affordable price.

Consider these benefits:

- AIA preferred material for healthcare
- GREENGUARD and GREENGUARD Gold Certification for Indoor Air Quality
- Class 1/A (USA) & B, s1,d0 (Europe) Fire Rating
- NSF/ANSI Standard 51 Certified for food contact
- Slip resistant
- 70 Standard Colors and new Trends Collection
- Recycled Series: 18 Popular Colors Certified by SCS Global Services
- Colors are never retired – Facilities Departments can easily retrofit and have access to a continuous supply
- Affordable color matching with low minimum order quantities
- Custom sizes help to maximize resources and reduce costs
- ¼" sheet stock for wall cladding (no grout issues)
- Durable, cost effective and easy to maintain
- Easily renewed and repaired
- Endless design possibilities – easily achieve design continuity
- Low-maintenance solution for high traffic areas
- Hygienic surface and UV stable
- Mold and mildew resistant, doesn't promote bacterial growth
- Stain, fade and chemical resistant
- Ability to address and fix wall defects and damage
- Not absorptive, non-porous surface and bonded seams
- Thermoforming and customization capabilities
- Experienced and dedicated distribution network
- Healthcare Design Conference participant since 2007
