

FORMICA® UNILIN COLLECTION
in perfect harmony

High Pressure Laminate & Melamine Faced Boards: design in perfect harmony

in perfect harmony

Perfect harmony becomes reality. Two great brands, **Formica®** and **Unilin**, join to create the new **Formica® Unilin Collection**, a complete resource of materials with complementary décors and textures to ensure best-value solutions for all interior surfacing projects.

Materials working together to provide solutions for every application:

- Formica® High Pressure Laminate (**HPL**) for demanding horizontal and vertical applications in areas subject to high wear and impact and in environments with high humidity.
- Unilin Melamine Faced Boards for furniture, verticals and other interior applications.
- A complete programme of matching edging to ensure a perfect finish.

The **Formica Unilin Collection**, no doubt, the perfect solution.

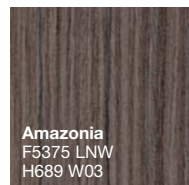

High Pressure Laminate & Melamine Faced Boards: design in perfect harmony

Formica® Laminate

THE ORIGINAL HIGH PRESSURE LAMINATE by FORMICA GROUP

HPL is ideal for use in applications subject to heavy wear and impact such as work surfaces, wall panelling and doors. Formica® HPL can be bonded to a wide variety of substrates and can also be postformed, providing additional creative scope to incorporate curved forms and shapes, such as integral upstands.

Melamine Faced Boards make a perfect choice for a variety of applications from free-standing furniture to cabinets and display wall systems. Being pre-bonded and with a decorative surface on both sides, Melamine Faced Boards are easy to use, requiring only cutting and edging and provide an economical solution for moderate levels of wear and tear.

Materials can be mixed and matched to suit specific applications or functional requirements, ensuring continuity in design. The choice of décors and textures offers almost unlimited combinations, giving true shape to creativity.

The Collection is regularly updated to ensure that the content remains on trend and that specifiers and users can access the most up-to-date décors and materials for any interior scheme.

Melamine edging gives a matching decorative finish offering moderate levels of protection.

ABS edging provides a matching decorative finish to more vulnerable edges, offering higher levels of protection.

A comprehensive range of décors offers colour coordination across materials and throughout projects.

- **96 solid colours, woods and fantasies** geared to current and forecast trends.
- **3 complementary surface finishes** enliven décors and offer tactile appeal in both HPL and Melamine Faced Boards.

Colors

A harmonious palette of essential colours to meet the needs of every project, from inviting neutrals to energetic brights, combining today's classics with tomorrow's trends.

Woods

The heart of the collection, an unrivalled range of wood grains – modern straight grains next to classic layouts, natural wood tones side-by-side with fashionable whites and greys. Natural and sophisticated visuals are enhanced by the tactile sensation of smooth matte and deep brushed textures.

Fantasies

The fantasies reflect two of the most favoured interior materials – and two poles: cool, clean metallics balanced by the softness of natural weaves and the intriguing touch of Linewood. All blend perfectly with plain colours or wood grains, lending a sense of individuality to every space.

All environments featured in this brochure are surfaced with high pressure laminate and/or melamine faced boards manufactured by Formica Group and/or Unilin respectively. The environments featured are for representative purposes to illustrate the results which may be possible using the Formica and/or Unilin products. The specific colours referenced represent either the actual installed colour or the closest equivalent from the new Formica Unilin Collection.

Designs given in this publication have been matched as closely as printing conditions allow. We do recommend, however, that you order samples before final specification, fabrication or installation, as the colour samples in the brochure may differ in shade, hue, tone or brightness to the products purchased.

The Company retains the right to change specifications, product offer and range content at any time without prior notification.

The information given in this brochure is correct at the time of publication. However, as we have a policy of constant product development and improvement, product details may change in the future.

Formica Group is committed to making sustainable principles and practices a part of everything we do. We strive to adhere to the highest ethical standards as we advance in our efforts to protect vital resources for future needs.
